Star Wars!

“Star Trek?” I asked her. “Really?”
“What?” she demanded, bending unnaturally black eyebrows together.
“There are two kinds of people in the universe, Molly,” I said. “Star Trek fans and Star Wars fans. This is shocking.”
She sniffed. “This is the post-nerd-closet world, Harry. It’s okay to like both.”
“Blasphemy and lies,” I said.” - Jim Butcher

Epilogue: Cola Wars

	Star Wars is perhaps the most successful and recognizable franchise in history so like it or not you've probably seen plenty of C-3PO and Darth Vader hanging out on various products you've gone to buy. Now imagine how difficult it would be to see those advertisements as a Storm Trooper. Those helmets don't have big sightlines so we have found a few promotions and put their pictures here as they would appear through the lens of a fighter for the Empire! Identify what is being peddled! (Looking for product names so you would need to say "Honey Bunches of Oats" and not just cereal or Post.)
